

### Hiking Map for FEN WETLANDS in JACK CREEK HEADWATERS

To reach the **Crooked Meadow Fen** from the Road 94 junction, turn north on dirt Rd 580 and drive 0.3 miles to a Y. Bear left for 50 yards to a parking area at a pond. Hike northeast for 450 yards along the dry banks of the fen, avoiding walking in the saturated wetlands.

For the **Wilshire Meadow Fen** from the Road 94 junction, turn south on dirt Rd 570 and drive 0.3 miles to the first road on the right. Follow this dirt road for 0.3 miles to the parking area at road's end. This last section of road is deeply rutted, so take care with a low clearance vehicle. Step over the wire fence and hike along the dry banks skirting the east forks of the fen.

To reach the **Dry Meadow Fen** from gravel Road 94, turn north on dirt Rd 9409 and drive 0.4 miles to dirt Rd 651 on the right. Follow this road for 0.3 miles to a parking area at road's end. Just 30 yards downhill is a pond, from which one can hike 500 yards north along the dry west bank of the fen, avoiding walking in the saturated wetlands.
