

Road Map to LITTLE DESCHUTES CANYON HIKE

On Hwy 97, drive 9.6 miles south from Crescent to the Hwy 58 turnoff west, following signs to Eugene. Drive 4.2 miles west on Hwy 58, and then turn left (south) on a paved road (the first left after crossing the Little Deschutes River), following a sign to "Mowich."

Drive 1.7 miles south, across the railroad tracks, then turn left at the end of the pavement onto a paved road (Forest Road 5830), following signs to the "Two Rivers North" rural subdivision. Drive through this subdivision, staying straight at a stop sign and when the road changes to gravel and then dirt, to a "Y" at 2.8 miles.

Bear left at this "Y" onto Road 300, then follow this dirt road for 5.8 miles to the trailhead at road's end. Road 300, though narrow, is passable by any passenger car when dry. The last two miles before the trailhead are a bit rough, with lots of bumps, but one just needs to go slow and be cautious in these spots.

Total travel time is about 40 minutes from Hwy 58, when road conditions are dry and favorable.
