

**Trail Map for
MOFFITT BUTTE HIKE**

From the parking spot, walk the dirt road north for 80 yards to a "T" where one turns right (east). Walk this dirt road for 0.4 miles east to a "Y" where one bears left. Climb this dirt road for 0.6 miles up into the flat plain of the caldera.

Where the road curves west, one can walk cross-country east through an old burned area for 0.2 miles to the East Rim. Back at the dirt road, the route resumes 0.3 miles to the West Rim.

If feeling inspired, one can follow the West Rim south on a more rugged, cross-country climb to the South Rim, and hike along game trails to complete the 0.7-mile loop back to the dirt road.
